The CVC words in this Magnet activity are all decodable words from the story and are linked to Letters and Sounds: Phase 2.

1. Deal out the three blue tiles from the stack of tiles at the top of the screen, placing them side by side.
2. Tell the children you are going to make the word 'bug'. Double-click each tile until the correct letter is revealed.
3. Ask the children to explain how to make the word 'bug' become 'bud'. Double-click on the letter 'g' tile until the letter 'd' appears.
4. Ask a child to tell you how they would make the word 'bud' become 'bag'. Allow them to change the word onscreen.
5. The blue tiles can now be dragged to the bottom of the screen and stacked out of the way.
