

Name: ..... Date: .....

**A packet of Christmas stars has split open and spilled on the floor!**

Can you count how many 6 pointed stars fell onto the floor?

Look closely. What other shapes can you see?

Keep a tally of the 3, 4 and 6 sided shapes.

**Shape tally**

.....

6 sided star

.....

Hexagons (6 sides)

.....

Quadrilaterals (4 sides)

.....

Triangles (3 sides)
