

Instructions:

You have ten minutes to write five sentences using the image below.

Remember to use capital letters and full stops but also try to include adjectives and adverbs. Think about the different features you can include in your sentences to make them complex sentences. To help you come up with ideas, you could use the questions:

Who...? What...? When...?
Where...? Why...? How...?

For example, you could ask yourself the question: 'Where are the boats?'

Your sentence could answer the question:

The colourful boats are moored side by side, against the banks of the canal.
