Teaching notes

Pairs game

Each player in turn will pick up two cards until they find a picture and a word that match.
The player tells a partner a sentence with that word.
The player keeps those cards.
The game continues until there are no cards left.

Rhyming game

Each player in turn will pick up two cards until they find two words that rhyme.
The player tells a partner a sentence with that word.
The player keeps those cards.
The game continues until there are no cards left.

Additional written task

Every time children collect a pair of cards, they add the words to the word search template, writing one letter in each square. Once all words have been written in children need to fill any empty squares with a random letter. They then share their word search with a partner to see if they can find all the words.
